

IDEAL PLANTS FOR SCREENING

A natural solution to block a view is doing so with plants. Greenery provides a soft look without the harshness of a fence or other structure.

We offer solutions to some of the most common reasons a screen is desired:

- Patio or Deck
- Pool
- Backyard Play Space
- View into a window
- Soften the look of a fence
- A/C or other utility units
- Sight of structures outside of your property

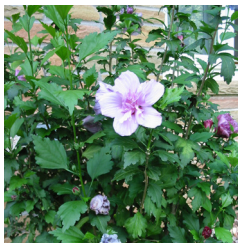

BEST SCREENING SOLUTIONS
